Immigration Law.

We call the attention of the Legislature of North Carolina to the following law recently adopted by the Legislature of South Carolina, to promote immigration to that State:

An Act for the Encouragement and Protection of European Immigration, and for the Appointment of a Commissioner and Agents, and for other purposes therein expressed.

I. Be it enacted by the Senate and House of Representatives, of the State of South Carolina, in General Assembly, and by the authority of the same, That for the purpose of encouraging, promoting and protecting European Immigration to and in this State, the sum of ten thousand dollars be appropriated from the contingent fund, to be expended under the direction of the Governor for the purposes and in the manner hereinafter provided.

II. That the Governor, by and with the advice and consent of the Senate, shall appoint a Commissioner of Immigration, who shall open an office in the fire proof building in Charleston, to perform such duties as may appertain to his office, and shall be paid for his services the salary of fifteen hundred dollars per annum out of the fund aforesaid in quarterly payments.

III. That it shall be the duty of said Commissioner of Immigration to advertise in all the gazettes of the State for lands for sale; to cause such lands, after having been duly laid off, platted and described, at the expense of the owner or owners of said lands, to be appraised by three disinterested persons, and their titles to be examined by the Attorney-General or Solicitors of the State, and endorsed by them, as the case may be; to open a book or books for the registry of the same, together with the price demanded and the conditions of payment. And in case such lands be selected by any Immigrant, to superintend the transfer of title and other necessary instruments and proceedings of conveyance.

IV. That the said Commissioner shall periodically publish, advertise and cause to be distributed in the Northern and European ports and States, descriptive lists of such lands as have been registered and offered for sale, together with this Act, and a statement of such advantages as this State offers in soil, climate, productions, social improvements, etc., to the industrious, orderly and frugal Immigrant.

V. That the Governor shall also appoint one or more agents for the purposes aforesaid, with such salaries or compensations, as he shall determine or hereinafter may be provided for, the Commissioner of Immigration to prescribe the duties of such agents, and to designate their point or points of operation.

VI. That the said Commissioner shall be specially charged with the protection of the Immigrant, in the proper selection of their lands; in the procurement of their transportation, in the guarding of them against fraud, chicanery and peculation; in their temporary location in proper and reasonable places of board and lodging on their arrival; and in making all such regulations and provisions as may be in any manner necessary or conducive to their welfare. And all officers of the State are hereby required and commanded to aid and assist him in the objects aforesaid, whenever requested.

VII. That the Commissioner shall keep a separate book, wherein he shall register all applications from citizens free of charge, for Immigrant artizans, mechanics, farmers, or male or female help of any kind, together with the kind of service demanded and the compensation offered; and another book, wherein he shall record the names, crafts and qualifications of Immigrants that are looking for employment; and he shall make memoranda of such contracts as shall be made in consequence hereof.

VIII. That the said Commissioner of Immigration do make a report of his proceedings at the annual session of the General Assembly, and as often as the Executive shall require.

IX. That all the expenses contemplated or which may be occasioned by this Act, shall be met by the appropriation directed in the first Section, and shall not in any way create a claim against the State beyond such appropriation.

TWO HARD STORIES ABOUT IMPEACHMENT.—It will be remembered that the impeachment resolution, as at first offered in the House by Mr. Ashley, was worded so as to include "any officer of the Government," and that it was subsequently modified so as to name the President. It has recently transpired that the original resolution was drawn up by General B. F. Butler, his intention being to include General Grant, as a subject for impeachment. It is a part of the design of the extreme Radicals, in their conspiracy to overthrow the Government, also to do away with General Grant. One fact, however, was lost sight of, that the Constitution only provides for the removal, by impeachment, of civil officers, and this induced the change.

The "great impeacher," Mr. Ashley, seems to be not so well satisfied of his ability to sustain his charges against the President as he was. It is current now that he lately asked one of his colleagues the very intelligent question, whether any acts committed by Mr. Johnson prior to his accession to the presidency would render him liable to impeachment.—"Q," in *Baltimore Sun.*

MILITARY RULE—ANOTHER GOLD BULL.—We understand that a distinguished member of the House was engaged yesterday (Sunday) in the religious work of preparing a bill of impeachment, which he will endeavor to precipitate upon the House and country at an early day, the principal feature of which is to declare that upon its passage by the House, General U. S. Grant becomes President *ad interim*. Should such a bill pass the House, the next thing in the programme is to legalize the transfer of the subject to the Senate for trial after the organization of the Fortieth Congress, so that the *ad interim* may consume the remainder of Mr. Johnson's Presidential term.

The genius who has concocted this bull for the gold market has undoubtedly got his agents in New York to take advantage of the rise.—We hope Mr. McCulloch will let the "dust" ascend to the natural point where such dangerous legislation will carry it, in order that the business community may learn wisdom thereby.—*National Republican.*

Epigram.

How brave a soldier Butler was,
Let this one fact reveal,
That even silver spoons and forks
Were worthy of his *steal.*

1867. "THE WORLD" 1867.

THE ATTENTION OF THE PUBLIC IS INVITED to the claims of "THE WORLD" as one of the leading public journals of the country. It is the chief organ of the Democratic Party of the United States, and the foremost advocate of the immediate restoration of the Union. Its highest merit consists in its character as

An enterprising and Trustworthy Newspaper.

The next year bids fair to be a more critical one in the history of our free institutions, than even any of the eventful ones that have preceded it. The first requisite for an intelligent judgment of public affairs is a full and authentic account of facts as they transpire. These THE WORLD always aims to give with conscientious accuracy, and with equal fullness and fidelity, whether they make for or against its own views of public policy. Prompt activity in spreading before its readers every kind of news in which any part of the public takes an interest, is the first duty of a newspaper, and the facilities of THE WORLD for discharging this obligation are unsurpassed by those of any journal in the United States. Whatever else it may fail in, it certainly will not fail to furnish the news, nor to supply it with such promptitude, spirit, freshness, abundance, variety, accuracy, and candor that no class of readers can miss anything of interest which they wish to find. THE WORLD will publish documents and arguments prepared by political foes just as freely as those prepared by political friends; making its own comments on them, of course, but never suppressing or garbling them because they are calculated to damage its own party. Adverse arguments which it cannot refute, it is content to leave to make their full impression. THE WORLD adopts this rule because it believes no other is honest; because it conceives that its first duty to its readers is to keep them thoroughly informed on every passing subject of importance.

A PROPOSITION.

IN WHICH YOU ARE INTERESTED.

I PROPOSE for the protection of the citizens of Raleigh and surrounding country, against the imposition of those so-called Cost Stores, to furnish each and every person, the New York Cost of any goods they may want to buy; by this means they can tell whether they are buying goods at Cost or paying a profit on them.

Call before going to any of those Cost Stores so-called, and let me give you a memorandum of Cost prices.

Most of my large stock I will sell at cost but I have goods that I will not sell in that way, and neither will those merchants who make such a flourish about selling at Cost.

No merchant in this place has purchased his Goods any cheaper than I bought mine. Any assertion to the contrary is *false*; and I will guarantee to sell Goods as low as any Cost House. All I ask is an opportunity to prove the truthfulness of this assertion.

CLUB RATES:—Five copies one year for $13,00; ten copies one year for $25,00; fifteen copies one year for $37,00; twenty copies one year for $49,00; twenty-five copies one year for $60,00; and larger clubs in the same proportion.

To secure the advantages of these liberal terms, the clubs must be complete at the time of subscription, and the money accompany the order.

THE SENTINEL.

WM. E. PELL, / Editors.
SEATON GALES. \

Thursday Evening, Jan. 31, 1867.

Notice to Subscribers.

The time of a number of our subscribers has expired. They have failed to renew though notified. After this issue, the paper will be discontinued to such as have failed to pay, outside of the city. We regret to be compelled to do this, but necessity is laid upon us.

Jan. 28 tf.

Public Schools.

We are pleased to see, that the discontinuance of our public or common schools, creates very general anxiety for their renewal. They are now felt, after years of experience, to be a necessity, one which cannot be dispensed with.

In order to test the feeling upon this subject, we are glad to see that Col. E. D. Hall, of the Senate, offered, on yesterday, a resolution instructing the Finance Committee to so amend the Revenue bill now under consideration, or bring in a bill laying a tax of $200,000 to be applied to the resuscitation of the Public Schools.

The General Assembly, coming fresh from the people, ought to be able readily to determine whether or not the *white* people of the State can bear that additional tax, as we presume, until an educational system, for the special benefit of the colored race, has been established, no tax for educational purposes will be assessed upon the colored people.

The Wilmington *Journal*, we observe, is discussing this question, but seems to contemplate an entire change in the system from the one hitherto in operation. Under all the circumstances, our Common School system, has worked well, and while any improvements which time and experience suggest, might safely be incorporated upon it, we seriously question an experiment which has not had those tests. The writer seems to contemplate one system for both races, though placed in different schools. We are of opinion that it will be found that not only would it be best to separate the races in the schools, but that the entire programme should be distinct, and managed by a different set of officers.

CHATHAM RAILROAD BILL.—Without being advised fully of the objects of the bill, or the grounds of its rejection, we can but regret the defeat of the bill to-day in the Senate, in aid of the Chatham Railroad, if it should work the destruction of the Road. The State is not prepared at present to extend its credit on any work of heavy expediture, but we have always regarded that Road as a necessity, not a *military* necessity, but one called for by the necessities of the section immediately connected with it, and designed to develope the resources of that region. The city of Raleigh certainly embarked in it, with no war design or looking to any other object, but its own improvement and convenience and the development of the minerals of that region.

THE QUESTION OF LABOR.—Several gentlemen from Georgia and Texas were on the streets yesterday, endeavoring to make contracts with negroes to accompany them to those States and engage in agriculture during the year.

For good field hands they offered terms which struck us as being quite liberal, viz: twelve dollars per month, in cash, and house room, food, and three suits of good clothing per year. Up to noon they had met with very little success, although there were enough idle negroes congregated around them to have produced several hundred bales of cotton. This question of labor is becoming a very serious one, for, from present prospects, planters will find it even more difficult to procure labor this year than it was last.

Would not a rigid vagrant law, strictly enforced, have a beneficial effect in compelling this class of population to contribute to the general welfare of the country, while they advanced their own condition? It is a subject well deserving the grave consideration of our present Legislature.—*Wil. Dispatch.*

The question of labor is becoming a serious subject. The colored laborers *will* seek, and they are right, those sections where labor is most remunerative. Hence the cotton fields and turpentine lands are most attractive. The thin lands of our hill country must suffer. The best remedy we can suggest is the *small farm* plan, and thorough fertilizing. Many of the most reliable and trust-worthy colored men with families, might be made useful to land holders and to themselves on this plan, and be retained when their labor is most needed. Some amendments in the vagrant law are needed no doubt, as the *Dispatch* suggests. Too many of our population, both white and colored, ought to be put to work, who are filling our towns, and corrupting others.

MARK OF HONOR.—The Calhoun Literary Society of Wofford College, S. C., which some years ago elected W. W. Holden an honorary member, as a compliment no doubt to his poem upon John C. Calhoun, recently struck his name from the roll. This the *Standard* now considers a mark of honor. We suppose it means, over the left.

We learn quite a discussion took place to-day, on the proposition to refer the bill of Mr. Latham, of Craven, for the relief of the people, to the Judiciary Committee. Mr. Latham and others warmly resisted the reference, fearing that delay or an adverse report, might endanger the bill. The bill involves highly important and serious questions, and unquestionably should not be acted upon without the most thorough and careful consideration. We think therefore, the action of the House was correct. Indeed, we seriously question the propriety or the wisdom of action on any bill of any importance, which demands thought and investigation, without first submitting it to a committee.

☞ See interesting matter on first and fourth pages.

Constitutional Amendment.

The following preamble and resolutions were presented in the House on yesterday, by Col. Waugh, of Surry, and referred to the Committee on Federal relations. Mr. Wade, of Ohio, and others, have urged, that as the South is opposed to the constitutional amendment proposed by Congress, that the South should make a proposition. The Southern people do not feel that they are in a condition to propose terms. The government has proposed terms and the South has accepted them in good faith, and is willing to stand by them to the end. But while excluded from Congress, they have no disposition, nor is it their right, to offer additional terms. But the following preamble and resolutions, in good faith, ask of Congress to call a constitutional National Convention, where the South can either legitimately consider the propositions of the Northern States, or propose changes in the Constitution themselves, and where all parties can exert themselves, and honestly and fairly work together, for the promotion of reconciliation and harmony. We think the proposition before the Legislature, under the circumstances, such a step as propriety dictates.

PREAMBLE AND RESOLUTIONS PROPOSING THE CALL OF A NATIONAL CONVENTION.

Whereas, The people of the State of North Carolina have repeatedly declared, through their representatives, their desire that harmonious relations should be fully restored, between this State and the United States, according to the Constitution of the United States, on terms alike safe and honorable to all parties; and to effect such harmony are willing, in a constitutional manner to assent to any amendment of the Constitution of the United States, giving full indemnity for the peace and permanency of the Union, which may be constitutionally proposed, and whatever shall seem to them compatible with civil liberty and tending to promote the general welfare:

And, whereas, by the 5th article of the Constitution of the United States, it is declared, "The Congress, whenever two-thirds of both Houses shall deem it necessary, shall propose amendments to the Constitution, or, on application of the Legislatures of two-thirds of the several States, shall call a Convention for proposing amendments, which, in either case, shall be valid to all intents and purposes, as part of this Constitution, when ratified by three-fourths of the several States, or by Conventions in three-fourths thereof, as the one or the other mode of ratification may be proposed by Congress:"

Believing that no better mode can be devised to compose the animosities, growing out of the late war, than that contemplated by the alternative proposition in said 5th article of the Constitution of the United States,

Therefore resolved, by the General Assembly of the State of North Carolina, That this State doth apply to the Congress of the United States, for the call of a National Convention, to propose such amendments to the Constitution as shall seem fitted to promote the general welfare, the peace, harmony and perpetuity of the Union of these United States; which amendment, when ratified by three-fourths of the several States, shall be valid to all intents and purposes, as a part of the Constitution of the United States.

Resolved further, That the Governor of this State transmit to the President of the United States a copy of these resolutions, to be communicated to the Congress of the United States, and also a copy to the Governor of each of the States, with the request that the same be laid before the Legislature of each State of the Union.

Mr. McKay's Resolutions.

The following important resolutions offered by Mr. McKay, of Cumberland, were passed on yesterday in the House. It is hoped that the Judiciary will have sufficient leisure to devote their entire attention to the subject of the resolution at once. The matter is of sufficient immediate importance to require the attention of a special committee. But to the resolutions:

"*Whereas*, The Convention of the people of North Carolina, by an ordinance ratified October 19th, 1865, declared and ordained, That it shall be the duty of the General Assembly of the State, as soon as it is practicable, *to provide for the payment of all debts* and obligations, created and incurred by the State otherwise than in aid of the late rebellion. And whereas, there is a large amount of indebtedness outstanding against the State, in the hands of our own people, created for the purpose of paying coupons of interest, on debts contracted before the war, as well as to pay notes and bonds falling due for money borrowed before the war, to provide the ways and means of supplying the treasury, to pay the executive and judicial officers of the State, to supply our people with salt, to defray the expenses of the Lunatic-Asylum, the Asylum for the Deaf and Dumb and Blind, for the purpose of feeding the poor and the destitute, objects of necessity and charity, untainted with any hostile, warlike or illegal purpose: And whereas, the impoverished people of North Carolina are greatly in need of the sums of money so justly due to them, therefore, be it

Resolved, That the Juiciary Committee be instructed forthwith to inquire what debts of the State were created for war purposes, and what debts due and owing were not contracted for war purposes, and report the result of their deliberations to this General Assembly at as early a day as practicable.

Resolved further, That the sum thus ascertained to be due and owing, after applying a proper scale of depreciation to the same, be provided for in such way, within the power of this General Assembly, as will afford relief to our people." Adopted.

Emigration.

The reader will find a bill in to-day's issue recently passed by the South Carolina Legislature to encourage foreign emigration. There are two sides to the question of foreign emigration. Many of the experiments which have been made have been total failures. The utmost care should be taken in the selection of emigrants. Sober, industrious mechanics, and actual farmers, with families, as a general rule, are alone worthy to be sought. Street loungers and idlers, picked up in the streets of the Northern or European cities, have proven utterly worthless. The following item, from the Wilmington *Dispatch*, is in point:

We understand the steamship Juno brings out about thirty white laborers for a planter in a neighboring section of this State. They are mostly foreigners. We trust the recent bitter experience of a gentleman of this city in a similar experiment, may not be re-enacted in this instance, but that its success may encourage others to adopt this plan for rejuvenating the agricultural pursuits, and developing the rich resources of our State.

For the Sentinel.

MESSRS. EDITORS.—The present Arch-Bishop of Dublin, Trench, and successor of the great Whatley, was, before his promotion, Professor of Divinity in the University of Oxford. Whilst holding this position, he published, among other valuable works, a small treatise on "the Study of Words," an admirable little book, and very suggestive to those who, believing that "words are the signs of our ideas," wish to use them correctly. Taking the hint from Trench, I propose to call the attention of your readers to several words and phrazes not noticed by him; without any intention, however, of treating them in the critical and learned manner he did, but rather for amusement, hoping, at the same time, to effect some good.

Let me notice, in this paper, words and phrazes peculiar to our own country, which we may call *Americanisms*. I confine myself, for the present, to such words and phrazes only as are frequently found in the speeches and writings of our public men, who are, or ought to be, better educated than the great masses of the people.

1. "*Fellow Countrymen.*" This is a form of address very often used by our public speakers. It has been heard in public orations from men of the first character, and may be frequently seen in newspapers. It is an evident tautology, for the last word expresses fully the meaning of both. You may say fellow citizens, fellow soldiers, fellow members, fellow Christians, but not *fellow countrymen*.

2. "The United States, or *either* of them."—This is so far from being a mark of ignorance, that it is used by many of the best speakers and writers among us. Now the United States are more than thirty in number, but in English, *either* does not signify one of many, but *one or the other* of two. I imagine, *either* has become an objective pronoun, by being a sort of abbreviation of a sentence where it is used adverbially, *either the one or the other*. It is exactly the same with *alterutur* in Latin.

3. This suggests another form of expression occasionally heard and seen, but not so common as the former. "*Every* of these States," "*every* of this audience," for *every one*. The word *every* is used in this manner in some old English writers, and also in some old law books as I am informed, but not in modern practice. The expression is improper, because it should be *every one*, to make it strictly a partitive, and subject to the same construction as *some of them, part of them, many of them*, &c., yet, it must be acknowledged that there is no greater impropriety, if so great, in the ordinary construction of *every* than in another expression very common among us, viz: *all of them*.

4. "This is to *notify* the public," or "the people had not been *notified*." Of course, by this is meant *inform* and *informed*. In good English, we do not *notify* the person of the thing, but *notify* the thing to the person. In this instance, there is certainly an impropriety, for to *notify* is just saying by a word, (of Latin derivation) *to make known*. Now if you cannot say, "*this is to make the public known*," neither ought you to say "*this is to notify the public.*"

Let this suffice for the present. If you or your readers care for literary scraps of this sort, I will furnish others, as I have time and opportunity.

CHATHAM AND COAL FIELD RAILROAD.

Bill to declare valid an act to amend the Charter of the Chatham and Coal Field Railroad Company was taken up. Mr. Leach urged the passage of the bill and denied that it was a war measure. Mr. Robins then offered an amendment and intimated that if the amendment was adopted, he would support the bill. Mr. Wilson opposed the bill in a speech of some length, and at its close, moved to lay on the table the amendment offered by Mr. Robins, which motion, if carried, would take the bill with it, and on his motion the ayes and nays were called, and the motion was carried by a vote of 25 to 19.

Mr. Moore, by leave, introduced a bill to reenact and amend an ordinance to change the jurisdiction of the courts and the rules of pleading therein. Ordered to be printed and refered to the committee on the Judiciary.

On motion of Mr. Speed, the rules were suspended and the bill to construct a fence across the Peninsular in the county of Perquimans was taken up, amended in various particulars, and passed its several readings.

ON CALENDAR.

A bill to punish persons who knowingly entice or persuade minors to leave the service of their parents, guardians, or masters; a bill to change the present jurisdiction of Justices of the Peace, a bill for the relief of poor debtors, and a bill for the relief of the people, were severally read and laid on the table.

On motion of Mr. Rogers the House proceeded to consider "a bill for the relief of the people of North Carolina," introduced a day or two since by Mr. Latham, of Craven.

Mr. Williams, of Pitt, moved to amend the bill by adding a proviso that it shall not be construed to prevent the collection of debts contracted since the 15th of May 1865.

Mr. McKay moved a reference of the bill to the Judiciary Committee, being opposed to its passage until its provisions were first investigated by some committee.

Messrs. Long, Waugh, Peebles, Dargan, Henry, Hutchinson, McClammy, and Richardson supported the motion to refer.

Messrs. Latham, of Craven, Lyons, and Williams of Pitt, opposed a reference.

Mr. Crawford, of Rowan, opposed both bill and reference. He deemed the bill a repudiation measure, and so viewing it, would not give it the slightest sanction.

Mr. Martin moved to lay the bill on the table. Not agreed to.

The question recurring, the bill was referred to the Committee on the Judiciary.

REVENUE.

The House proceeded to consider the Special order viz; a bill to raise Revenue, on its second reading.

On motion of Mr. Latham of Washington, it was ordered that the bill be read by sections.

Pending its discussion and amendment, sundry engrossed bills from the Senate had their first reading and the House adjourned.

WHAT is the Congressional plan of reconstruction? That is a puzzling question. At least Mr. Ashley found it so on Saturday, for he was evidently posed by it when it was first thrust at him by his colleague, Mr. Fink. He, however, announced that he would answer before he got through; but on having the question repeated by his colleague at a later stage of his remarks, he conceded that there was no plan that the majority had yet agreed upon. Mr. Ashley belongs to that wing of his party that scouts the lately proposed amendment as a final settlement, but not being able to get the House to agree to his "advanced" views, he, with Mr. Stevens, complains of "the great diversity of opinion" existing on their side of the House. Yet these are the statesmen who have urgently sought the solemn responsibility of composing the troubles of this great nation!—*Nat. Intelligencer.*

It has been stated on good authority that, in approving the bill authorizing the assembling of the fortieth Congress on the 4th of March next, the President has contributed to his own impeachment; and that the Committee on the Judiciary are working very industriously in collecting evidence, but will not report until the close of the session, and then the report will be in favor of impeachment. The task of offering the articles of impeachment will devolve upon the next Congress.

REV. GEO. T. WILLIAMS.—The New York *Herald* of Sunday announces that the protracted examination in the case of the Rev. George T. Williams, who is charged with having picked the pocket of a lady while riding in a fifth avenue omnibus, in November, was on Saturday brought to a close, by the decision of Justice Dodge, who concluded to commit the prisoner for trial.

The Washington *Chronicle* threatens Gov. Swann with repulsion when he shall present himself to take his seat in the U. S. Senate.

A FEW WORDS TO MY FRIENDS AND CUSTOMERS.

I advertised in the early part of the season that I would sell goods as cheap, as Yankee, Jew or Gentile, Cost Houses not excepted—as cheap as he who had paid for his goods, or ever intended to pay for them. And I here take the privilege to say, that I think my customers will bear me out when I say, I have done so in almost every instance.
I told the people to "come to Creech's," to buy their goods—they have come, and they are still coming—and I think they will pardon me when I say they have shown their good judgment.
I now tell them to "come to Creech's" to buy their goods.
I don't advertise my goods at New York Cost.—I intend to represent my goods to you in a fair and equitable way, and sell them fully as cheap as any so-called Cost House. And here say to the so-called cost gentlemen, if they paid what they charge their customers for goods, I advise them to go back to the License man and surrender their license. Go back to your Land-lords and ask them to take back your houses,—and proclaim to the world that you have missed your calling, and are not fit for merchants.
I compromised my debts that I owed North before the war, by paying them at one hundred cents in the dollar.
Let them start their opposition—let them all talk. But "come to Creech's," to buy your goods. You will find me at R. Smith's corner, ready and willing at all times to serve you right.

AN OLD COMPANY THAT HAS LIVED THROUGH A GENERATION AND HAS NEVER HAD A CASE OF LITIGATION.

CLAIMS your confidence, and offers every inducement that reason can dictate to those who wish to provide a certainty for loved ones.
Half note and half cash for premium and privilege to travel or reside in any part of the United States.

OBJECTION 1.

I'M TOO POOR; I CAN'T AFFORD IT.

ANSWER.

If you are too poor to save less than half a dollar per week, at from 30 to 35 years of age, or proportionately at other ages, and find it so difficult to do so should you be taken away by death, how bitterly poverty will strike home to your widow and children, or those dependent on you! Is it not worth struggle to avoid this, and give them at least $1,000 by paying so small a sum? *It costs just $2,00 per month to insure $1,000 at the age of 32 years.*

OBJECTION 2.

I've talked to several of my friends, and they all advise me to have nothing to do with it.

ANSWER.

Will your friends undertake to provide for those you leave behind, in case you do not live long enough to save money? Ask them, and be guided by their answer.

OBJECTION 3.

I can't make up my mind; call again.

ANSWER.

Your other objections have been answered. I appeal to your own common sense to answer this for yourself, aided by

THREE PRACTICAL REFLECTIONS.

FIRST.—Nothing is so uncertain as Life.
SECOND.—No provision is perfect that is contingent upon the duration of your Life, which is not immediate.
THIRD.—The only immediate provision is that provided by Life Insurance.

IMPORTANT SALE.

I WILL SELL AT PUBLIC AUCTION IN THE Town of Henderson, on Tuesday the 12th. February next, valuable

Manufacturing and Saw Mills;

situated within one mile of the Town of Henderson, on a never failing stream of water, which affords sufficient power to attach a Cotton Factory, if purchaser should so desire. These Mills are new, and in excellent working order; they having been built last year. Have been in successful operation for the past five months, during which time the Saw Mill alone has yielded an income of about five thousand dollars.
I will sell with Mill, one hundred and fifty acres of heavy timbered land, said timber of superior quality. Also the timber off of two hundred and fifty acres of land, all of which is adjoining the Mill property.
Will be sold at the same time, two good yoke of Oxen, one Log Cart, a splendid pair of Mules, one two-horse Wagon and Harness, a superior lot of Hogs of improved stock and many other articles too numerous to mention, including one sett Blacksmith tools.
Also, at the same time and place, two very valuable

Houses and Lots,

situated in the Town of Henderson.
I feel no hesitancy in pronouncing the above property, as valuable as any of the kind in the State.—Capitalists desirous of investing in property that will pay, can do no better than examine this property and buy.
Terms made known on day of sale.

An Appeal.

We ask the attention of the members of the Legislature, and others, to an appeal made by a member in our columns to-day, in reference to the crushing misfortune which has recently befallen an excellent member of the House from one of the Western Counties. He was a great sufferer in various ways during the war, and very recently suffered the loss of what was left him, by the burning of his dwelling, furniture, &c., by an incendiary. The gentleman makes no appeal himself, but a friend, on learning of his misfortune, has volunteered to bring the matter before his friends. As requested, we will cheerfully receive any amount designed to relieve him.

Col. Tate, President of the Western (Extension) N. C. R. R. has called a meeting of the Stockholders of that Company, to meet in Statesville, on the 21st of Feb. next.

ORCHARDS AND VINEYARDS.—Now is the time we understand to engage fruit trees and vines for planting out young orchards and vineyards. Westbrooks & Co., at Greensboro' and Messrs. Allan and Johnson, Richmond Va., have splendid varieties and can supply the demand.

SALISBURY.—At the City election in Salisbury on Monday last, the following gentlemen were elected:

For Intendant.—John L. Shaver.

For Commissioners.—South Ward.—J. S. McCubbin, John Sherman.

East Ward.—John A Snider, Jack Hall.

North Ward.—Jas. E. Kerr, T. C. McNeely.

West Ward.—Andrew Murphy, Thomas E. Brown.

AN INVENTION.—A writer in the Richmond *Whig* from Leaksville in this State, states that Messrs. Guerrant and Field of that place, have invented and recently patented an engraving machine, which can do the work of twenty hand engravers, and on any kind of metal. He has seen the machine in operation and says it works well.

COTTON.—We note the arrival at this port yesterday of 1,294 bales of cotton. Of that quantity, 853 bales reached us by rail, and 441 bales came through the Canal. Over 900 bales of yesterday's receipts are from North Carolina.—*Norfolk Day Book.*

The Reconstruction Committee has not met this session. Stevens asked why?—in the House on Monday. Conkling told him to ask the chairman, who is Stevens himself. Whereupon the House laughed, and Mr. Stevens was silent.—*Rich. Enquirer.*

Governor Brownlow, in his late message, favors negro suffrage as the only means of keeping the State government in "loyal" hands. The proscription of the large majority of the whites is not sufficient it seems.

Brownlow's expedient will prove at most only a reprieve. The negroes will soon find out where their real friends are, and will vote accordingly.—*Rich Enquirer.*

ONE OF BENNETT'S.—Says he: Our Washington correspondent says that a bill has been framed for introduction in the House of Representatives providing for the appointment of General Grant to be acting President in case of the impeachment or removal of President Johnson.

CHANCES OF IMPEACHMENT.—The Washington correspondent of the Springfield (Mass.) *Republican*, reputed as accurate in his observations and statements, estimates the chances of impeachment as being one in a hundred, and one of conviction as one in a thousand.

A leading dry goods merchant of New York said to us yesterday: "I would willingly draw my check for a hundred thousand dollars as a bonus to any benevolent institution if the House would to morrow dismiss the subject of impeachment."—*Albany Journal (Radical)* 26th.

Governor Cox, of Ohio, has declined to be a candidate for renomination to that office.

By the fire at New York on Friday night over four thousand bales of cotton were burned. The loss is estimated at $500,000.

NOMINATION.—Robert T. Banks, a Democrat has been nominated for Mayor of Baltimore.

The Rev. Dr. Bethune was consecrated Episcopal Bishop of Toronto on Friday. He took an oath denouncing the Pope and abjuring the excommunication doctrine.

Colonel Burton Harris, private secretary to President Davis, is practising law in New York.

JAMES BARRON HOPE, Esq.—This gentleman in a brief card in yesterday's Norfolk *Day Book*, announces his withdrawal from the editorial management of that paper.

Henry Ward Beecher says cholera is "God's opinion of nastiness."

Unless disposed of privately, will be sold at auction on Saturday Feb. 2d.

WASHINGTON MATTERS.

Correspondence of the Richmond Dispatch.

Stevens no longer Dictator of the House—Indications of a Lively Time Next Session.

WASHINGTON, Jan. 28, 1867.

Thad. has lost ground wonderfully, and exhibited his bad temper to-day by quarrelling with Bingham. The Radicals are in no very pleasant mood to-night, and there is no end to the crimination and recrimination, on account of recent political sins, going the rounds. The extremists, though strong in their sentiments, find themselves few in number, but continue as malicious as ever, promising to make up for their present failures when the next Congress convenes. The Democrats relish the quarrel among their opponents, and are all disposed to let them have their own way. It is very clear that although quite a number of the Radicals in the present House are irretrievably wedded to reconstruction on a territorial basis, and immediate investigation on the impeachment issue, the majority of them strongly deprecate all these proceedings; so that it is now universally acknowledged that there is no earthly danger of either the President being impeached or the Southern States being reduced to territories.—It is a bitter pill to the extremists, but it is one that they must swallow. TIMON.

INTERESTING TO NATIONAL BANKS.

It is believed in well-informed quarters that the Secretary of the Treasury favors the proposition to give in payment to national banks holding compound-interest notes as part of their legal reserve loan certificates, at a lower rate of interest equal to one-half of their required reserve (which reserve is now about $200,000,000.) These will be practically to the banks the same as legal-tenders, for they can demand legal-tenders for them at ten days notice.—*Chronicle.*

No five-twenty bonds are now being issued by the Treasury Department. Over eleven million dollars' worth of these bonds were destroyed a few weeks since, for the reason that the whole number authorized by law have been issued, with the exception of a few authorized by the law of 1865.—*Chronicle.*

SENSATION STORIES.—The Washington correspondent of the Baltimore *Gazette* writes:

So conclusive are the indications that the President is to be subjected to impeachment and trial, that conversation in this city upon the subject is confinded exclusively to speculation as to details and results. I understand Mr. Johnson decidedly *objects* to the whole proceeding—*will assuredly "veto" it with unmistakable emphasis*, and in a manner that even a two-thirds veto will be powerless to "carry it *over his head.*"

MR. BINGHAM CORRECTS A REPORT.—In the House, Monday, Mr. Bingham, having been charged with the utterance of a threat last summer or fall that he would not "give sleep to his eyes nor slumber to his eyelids," until he had filed articles of impeachment against the President, denied the truth of the charge. He had only declared that if the President had said officially what he said unofficially, &c.

The Territorializing Scheme Gone to the Wall.

We have never had any more belief in the success of the destructive element in Congress with their territorial scheme for summarily and utterly plundering and subjugating the people of the South than we have had there was a "ghost of a chance" for the success of that most remarkable suggestion of profligacy and folly, the impeachment of the President. There is a limit to the tyrannic sway of such cruel and revengeful leaders as Thaddeus Stevens, with all his ability and art, and the people stand behind all, who, "upon the sober second thought," have been said to be "never wrong and always efficient."—*Nat. Int.*

WASHINGTON, Jan. 31.

General Curtis Lee has declined the presidency of the Maryland Agricultural College.

A resolution in the Pennsylvania Legislature applauding the President's persistent opposition to disunionists of all classes, and the judicious exercise of the veto power, was indefinitely postponed by a strict party vote.

The conservatives are earnestly and hopefully at work.

The Washington statements telegraphed North of the basis of compromise, is merely false.

FERTILIZERS FOR SPRING CROPS.

WE beg to inform the trade and planters of North Carolina and Virginia, that we are prepared to furnish them with the most approved FERTILIZERS, on the most accommodating terms. We will have a stock of genuine PERUVIAN GUANO, purchased direct from the Agent of the Peruvian Government.

We have now in store, for immediate delivery, 325 tons BRADLEY'S SUPER PHOSPHATE OF LIME, which won for itself such an enviable reputation in the Cotton and Tobacco counties of North Carolina and Virginia, last season, proving itself equal, and in many important respects, superior to the Peruvian Guano. We give an analysis of it as ascertained by Dr. Hayes, one of the most eminent Chemists in the country:

Results of Analyses Made of Bradley's Patent Super-Phosphate of Lime, as now sold by Wm. L. Bradley.

100 PARTS CONSIST OF	
Moisture	5.30
Prepared animal matter, salts of Ammonia, fatty substances and Humus	38.50
Bone Phosphates of Lime, Magnesia and Iron	36.80
(Soluble Phosphates of do. 16 6-10.)	
Sulphate of Lime	16.50
Salts	20
Insoluble	2.60
	99.90

The animal matter afforded 4 2-10 parts of Ammonia when it was decomposed, and, as will be seen, nearly one-half of the Bone Phosphate is soluble.

After many analyses of your Super-Phosphate of Lime, made during the last few months, I have found your standard of quality full equal to that of any you have ever sold in former years; and I am satisfied that you include the correct principles in the manufacture. Respectfully,

A. A. HAYES, M. D., State Assayer.

PERUVIAN GUANO SUBSTITUTE!

BAUGH'S

RAW BONE SUPER-PHOSPHATE OF LIME.

TRADE MARK

Manufactured under the formula originated in 1854 and patented by

BAUGH & SONS,

SOLE PROPRIETORS, AT THE
Delaware River Chemical Works,
PHILADELPHIA, U. S. A.

This old established MANURE is manufactured from Bones that have not been burned or steamed, and it contains all their original organic matter. It is active in its operation, and is a fertilizer of great durability. It does not exhaust the soil like Peruvian Guano, but on the contrary permanently improves it.

Previous to 1861 it was introduced into the Southern States to considerable extent, and again in 1865, where it has been used with remarkable success upon

Cotton, Corn, Tobacco, and all Crops.

A trial will convince any planter of its merits.—Pamphlets containing well-known Southern evidence furnished upon application to New York or Philadelphia offices.

☞ Sold by Dealers in all the principal cities and towns throughout the United States and British Provinces.

LIFE INSURANCE.

MANY insure their lives because they see the folly of neglecting to do so. Many who do not insure, argue that it is folly to insure. Which is right? If those who do not insure can cite instances of the harm done by a policy of life Insurance, if they can point out men who have lost $5,000 to $100,000 by Life Insurance, then upon proof of same, we must believe them. Hundreds of instances can readily be shown where parties have been benefitted to this extent.—In North Carolina there are some Widows and Children ready to testify to the good resulting from a life Insurance on their only earthly dependence.

The "Ætna Life Co., in loosing $23,000 the past year has relieved want—and now with over $4,000,000 of assets—offers sure protection to all those who will avail themselves of her liberal terms, by calling on

THE SENTINEL.

Thursday, January 31, 1867.

What is the Use?

What is the use of removing your hat,
If you do not intend to tarry?
What is the use of your wooing a maid,
If you never intend to marry?

What's the use of your buying a coat,
If you never intend to wear it?
What is the use of a dwelling for two,
If you never intend to share it?

What's the use of your buying a book,
If you never intend to read it?
And what's the use of a cradle to rock,
If you never intend to need it?

Mine Pipe and Cup.

Vegetonds are dick above,
Und mud is black below,
'Tis den that I do love
A cloud of shmoke to blow.
I takes my meerschaum down,
I takes mine lager up,
And cares not who do frown
Upon mine pipe and cup.

Mine frow, she scolds a bit,
When mine old pipe is seen,
Because sometimes I spbit
Upon her floor so clean;
But dat is like de rain,
Its doesn't last alvay;
She soon gets pleased again,
Und so I shmokes away.

Butler.

Brick Pomeroy publishes the following for the edification of his readers:

"I would like to be a General,
To search those wealthy rooms,
And like old General Butler
Steal Southern people's spoons!
I would like to a be a General,
Covered o'er with brilliant blue,
To insult those Southern women,
As Butler used to do."

The Funeral.

The following was gotten up no doubt by that incorrigible wag, the Senior 'of the Goldsboro' *News*.

DEATH OF
THAD. STEVENS' WILLIAM,
VULGARLY CALLED
B-I-L-L-Y.

Thaddeus said, "commit my Bill to the Judiciary Committee, and that will be the death of it." The bill was committed—the wires flashed the sad tidings to the Capital of the State of North Carolina—and in that City there was great lamentations, and weeping! The friends of the great Defunct determined on giving it a decent burial: a meeting was held and the following programme for a grand procession determined on.

Three minutes before Sun Down,
SIX FIRE CRACKERS TO
BE LET OFF—WITH HEADS UNSCREWED!

ORDER OF PROCESSION.

To move simultaneously with the North Star:

Pall Bearer. THE BODY. Pall Bearer.
CHIEF "MONER."
Not Thee

X. P. G.

Twenty-six little niggers holdin on to his linen,
"and a weepin!"

A one-wheel carriage, with the likeness of Thaddeus, drawn by a blind Jackass, and *driv* by a one eyed darkey.

"The Last Man and the Last Dollar" carried on the shoulders of Bill Campton and Friday Jones.

Twenty-Four "unmistakable loyal men," with "legs limbered,"
"toatin" guns.

Ten "poor white men" supporting the ballot box, painted black.

MUSIC
A BAND IN "BOOTS,"
Playing of that same old tune,
"Whose pin here since Ish
pin gone!"

Passing around the capitol square, the procession will not look at the State House, because "there ain't no moners there." After halting at every corner, and sobbing, the grand cortege will return to the starting point, and disperse.
